

CD #1

I dedicate this first CD to my mother. *She encouraged me to practice the piano and later my cello. When I took up guitar in junior high and then wrote my first song at 16, she asked me to make tapes for her. She listened to them by the hour. Mom struggled through depression much of her life but found joy in gardening and graciously giving to others. I hope she can hear my music now from heaven. Thank you, Mom, for the wonderful gifts you gave to me! May they be imparted as a fragrance of the Father's love to*

*“restore the hearts of the fathers to their children,
and the hearts of the children to their fathers...”*
Malachi 4:6 (NASV)

A special thank you to all for your outstanding help on critiquing my lyrics with the sacrifices of your time: Ethel Herr and your wonderful writer's critique group—Berit Kjos, Sherry Cox, Barbara Larsen, and Patsy Oda—as well as Mike Winn M.A., Donny Valliere M.S. MFCC, Brian Person M.Div. LMFT, and David Eckman Ph.D. Each one of you made invaluable suggestions to make this collection more clear, helpful, and redemptive. You're awesome! Thank you also to my sons: Daniel, for your business advice, and David, for your gorgeous painting of *God's Hand* that graces the cover and for starting me on home recording and YouTube. Hugs to you all!
