

Hello ~

If you are interested in my coming to your fellowship for:

- Singing healing songs from *His Healing Love* THE COLLECTION
- Worship leading
- My testimony of God's healing love and power
- Workshops, Retreats & Conferences (Please let me know your desired topic)
 - *How do we Forgive? or Is Forgiveness necessary?*
 - *Healing music and poetry*
 - *How do I heal from abuse?*

Or if you are interested in coming to me for intensive prayer with a support person (friend, prayer minister, therapist, or spouse) or for the DAY OF PRAYER renunciations with a person or couple, **please send me a note through the contact page**. I will follow up with you with an email or phone call.

I live along the central coast of Oregon.

If you contact me and request a time for me to come to minister to an individual, your women or event, or you wish to bring a person to me for prayer I will:

- Need an outline with specifics on what dates, times, topic, need, or how the Holy Spirit is leading in your fellowship
- Possibly follow up with a Zoom session to better understand your request
- Pray about it to ask the Father for guidance

If the Father leads me to come to a healing event, I will need you to:

- Have a prayer team praying for this me and this event on a regular basis
- Prepare prayer support at the event for:
 - Small group leaders
 - Support for abuse survivors who need to leave and go to a prayer room
 - Prayer support and list of therapists for follow-up if wounds open up
- Understand the size of your group, your advertising, etc.
- Have a prayer team praying after the event

I do not have the time to follow up with survivors of abuse on an ongoing basis. If I come to you for an event or you bring someone to me for prayer, I will depend on you to support them before, during, and afterwards. I may be able to connect with you occasionally but I have time and health limitations so my contact with you will be limited.

I have been healing for over 30+ years, during which time the Lord has opened up a few opportunities to work with individuals, sing, share my testimony, write, and lead worship at women's retreats. Please go to the EVENTS page and click on the **Past ministry opportunities** to see some types of ministry I have been doing over the past 10+ years.

I do not know exactly what the Father is planning for me for the next 10-20 years. He has touched my life in many ways and taught me daily from His Word and from many wonderful people on my healing journey. I have so much to share to help others be set free. We will see what He opens up for me (and my husband who is very gifted and would be a wonderful encouragement to husbands of sexually abused women). I'm excited and eager to see the Holy Spirit poured out on individuals and nations so many will find joy in the presence of our loving Father who draws all people to Himself. He is the Lord Most High who reigns above all thrones and principalities and rulers and powers and has all authority. We stand in His authority and grace. *To God be the glory!*
